

Krones Contiform C2 2002-2006

V3E02NCA

Pilot valve for EXH1 or EXH2

1. Description

Pilot valve for EXH1 or EXH2.

Replace original part **59.70061**.

One-to-one replacement.

3. Included

- Valve
- Screws, seals

4. Advantages

- + Easy replacement
- + Swiss quality
- + Original Technoplan Engineering spare parts

2. Technical details

Reference	V3E02NCA
Function	3/2 NC valve (normally closed)
Pneumatic interface	DN = 3.5, interface with integrated sealing
Pilot valve	24V DC, 3 W, IP 65
Pressure range	4 ... 15 bar
Materials	Body : Aluminium coated
Sealing	PUR, POM
Medium	Compressed air according to ISO8573.1 - particles : Quality 2 - pressure dew point : Quality 4 - oil content : Quality 2
Operating temperature	+5° ... +50° C
Response time : ON	8±2 ms
Response time : OFF	8±2 ms
Net-Weight	0.063 kg
