

PWR-SDL and **IRS** oven control for Sidel Universal Repair - Reconditioning

1. Description

After a lamp breakage, the IRS or PWR-SDL regulation board may be damaged.

Technoplan will repair and control your IRS or PWR-SDL with original "Olicorp" parts.

This service avoids the purchase of a new control box, allowing significant maintenance costs savings.

2. Procedure

_		
	1	Send the IRS or PWR-SDL to Technoplan Engineering
	2	After expertise, we will inform you if PWR-SDL or IRS can be repaired (90% chance)
	3	Repair and control by Technoplan Engineering
ſ	4	Return to the production site
